

# CLOSURES

WEIGHT ROOM — CLASSROOM

**Thursday, September 5, 2024 will be the final day of operation for our Weight Room and will begin a temporary closure for the Classroom.**

The continuous increases in costs of equipment repairs/replacement and decreasing demand for memberships combined with the influx of inquiries/demand for an additional multi-use space for rentals and scheduled group activities has brought us to the decision to make some changes.

The two separate spaces that are currently the Weight Room and Classroom will undergo construction to become one larger, multi-use space.

**Beginning Friday, September 6, 2024, the Weight Room and Classroom will be closed. The Weight Room will close permanently and the Classroom will reopen as a larger space once the construction is complete. Reopen date to be determined.**

***We greatly appreciate your patience and understanding as we work towards improvements to serve our community better.***
